MAYBANK SECURITY

OCT 2016— DEC 2016

We are delighted to inform all employees that Maybank Security have successfully completed the Safe Contractor assessment and can now proudly display the accreditation on all our company documents. This

accreditation has been won with a lot of hard work from the management team and the professional employees Maybank employ this shows to our clients we go that extra mile, we work hard but most importantly we work safe and ensure all our employees work within these boundaries.

**Can we remind all staff coming up to the Christmas period we must all be extra vigilant whilst conducting our duties at work. Please be safe and have a fantastic Christmas and New Year.**

## MANAGEMENT MESSAGES

*Well done to all Involved in our new accreditation. Over the past 3 years Maybank have transformed from a Security company with an unbelievable team to a market leader in the Security field, we have in this short space of time secured ACS, ISO9001 and now with SAFE CONTRACTOR. Well done to everyone involved. May I thank you for your continued help and support over 2016, and I look forward to working with you all throughout 2017.*

A handwritten signature in cursive script, appearing to read 'L. Mulson'.

# SPORTING EVENTS

In October Maybank Security deployed a team down to Twickenham to support our clients Fanatics at the club retail store which saw the LA Rams take on the New York Giants. The day saw record crowds of over 80 thousand fans many of whom came through the store to buy NFL merchandise. The store reported the largest single day take in history. Maybank were involved in keeping all customers safe whilst entering and exiting the store and ensuring the day went as smooth as possible, Great work guys.

Here's Maybank employee Peter Jackson working at the British Masters Golf tournament at the Grove in Hertfordshire. Again Maybank sent a team to assist our clients in the retail units.
